

Remembrance Day Research

In order to create an interesting dramatic presentation regarding Canadians at war, you must find things that interest YOU.

Canada was involved in WWI, WWII, the Korean War, as well as many other conflicts in places like Afghanistan and Cyprus.

Working with a partner find at least four (4) sources that we will use in the creative process. DO NOT WORRY about how we will use each source, just find something that interests you!

Suggestions:

- Find a letter from or to someone involved in a war or conflict.
- Find a personal story of someone involved in a war or conflict.
- Find a Fact Sheet with statistics about Canadians at war.
- Find a song that is relevant to Canadians at war, be sure to get the lyrics in writing.
- Find a relevant poem.
- A photo that you find intriguing or moving.
- A movie clip (no more than 10 minutes) that you find interesting.
- So on and so on...

Copy and paste onto a word document, print it off. Please take this seriously, we all must contribute to the process. Each person will introduce their 2 sources to the class on Thursday.

Marking Scheme per person: /3

- Two sources
- Able to paraphrase what is in the source
- Able to explain why source is of interest
